The Department of Speech, Language, and Hearing Sciences provides students pre-professional and professional training in speech-language pathology and audiology, which is founded on state and national standards, evidence-based practice, research, and science and technology, to prepare them to serve persons with communication disorders and their families in an ethical and culturally competent manner.

The Department of Speech, Language, and Hearing Sciences at Cal State East Bay will deliver innovative instruction, excel in research, and expand community-based collaboration to create a vibrant and supportive learning community that engages and inspires students, faculty, staff, and clients with communication disorders.
